

BSR 550 Servo Rotary Die-Cutting Machine

BOGRAMA
next level die-cutting

Nine-Up Production of Various Die-Cut Products

With this production line, BOGRAMA demonstrates solutions in the following areas

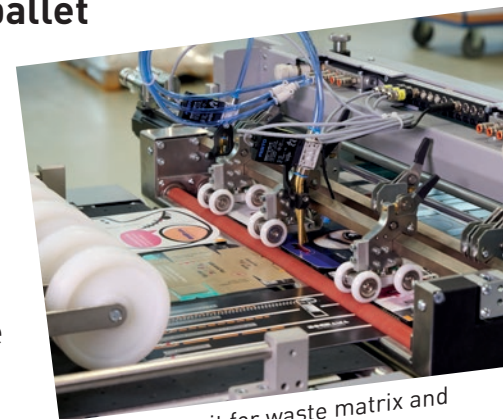

- Flexibility of configuration options
- Integration and automation of production processes
- Increase in output
- Reduction of labor costs

System components

BSR 550 Servo Rotary Die-Cutting Machine with pallet feeder for effective loading of the system.

- Dynamic side alignment for digital printed sheets
- Barcode reader for production monitoring and production control functions
- Stripping unit for waste matrix and inner cuts

SH 550 Shredder, shredding and suctioning off the waste matrix and inner cuts

Break out unit for waste matrix and inner cuts

STA 550 BK, High flexible Stacking System for smallest formats

- Up to 9 product streams
- Up to 150 mm stack height
- External and fast changeover
- Interface to downstream units or manual removal

Cross Conveyor and Banding Unit equipped with recyclable paper banding

- Conventional manual feed possible
- Interface to STA 550 BK, ACC 550 HS, ACC 750 DHS
- Up to 100 mm stack height
- Generation of collections possible

Robotic Solution for visualizing the numerous options of Automated Packaging

Die-cutting, kiss-cutting, creasing, perforating, and embossing - Made in Switzerland

- Outstanding quality
- Short set-up times
- Die-cutting with no nicks
- Inline stripping
- Process-optimized production

If you are interested in technological excellence, maximum efficiency and outstanding quality in the field of die-cutting, you can't overlook BOGRAMA.

The ease and speed of operation, combined with minimal set-up times, make your production more agile, flexible, and sustainably reduce your costs. Nick-free die-cutting sets the standard for the highest product quality. Inline stripping, shredding, and disposing of the waste matrix enable you to optimize your production process without manual interventions, resulting in seamless, powerful, and personnel-saving post-processing.

Whether in the commercial, pharmaceutical, packaging, playing card, label, or digital printing sector - BOGRAMA redefines top quality.

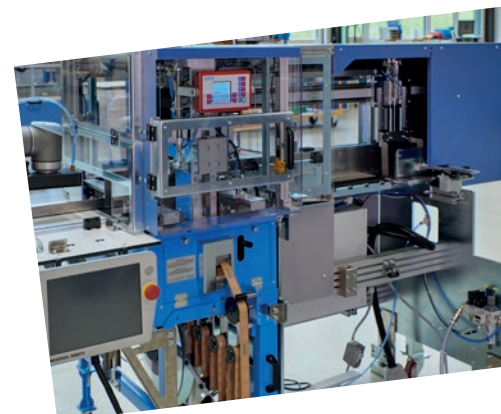

Your printed matter deserve the best, and that's exactly what BOGRAMA delivers!
